

MT1050, MT1055 and MT850

Rule the Room MultiSync® MT50 Series Projectors

Eco-Mode[™] technology extends lamp life up to 2500 hours

Exclusive VORTEX Technology™ for bold, colorful image display with unmatched clarity & detail

Flexible menu system can be customized to individual needs

One touch setup for ease of use

Lens options for adaptability

Watch your presentations come to life with the MultiSync MT50 $^{\text{TM}}$ Series projectors, the superior choice in conference room projectors.

Whether used in conference room, classroom applications or permanently installed, when it's time to give your presentation, don't settle for anything less than the powerhouse MT50 Series projectors. Delivering a unique combination of features, you are not limited on where and how you can use the MT850, MT1050 and MT1055 projectors. With fixed and short throw zoom lens options, exclusive VORTEX TechnologyTM for superior image quality, Advanced AccuBlendTM resolution enrichment technology and AutoSenseTM intuitive, one-touch operation and setup, the MT50 Series takes your presentation to the next level.

The MT50 Series projectors are also brighter than ever, projecting up to 2600 ANSI lumens for excellent visual display even in fully lit conference rooms or classrooms. And with our exclusive Eco-Mode[™] technology, you are able to increase lamp life while still delivering powerful impact to your presentation.

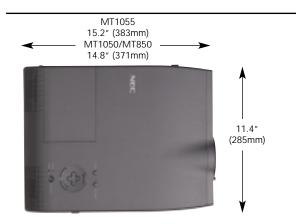

The MT50 Series is covered by NEC Technologies industry-leading service programs. InstaCare® provides projector repair and return within three business days or next business day replacement. When overnight isn't fast enough, NEC offers InstaCare Xpresssm. TravelCaresm provides service coverage for the international traveler.

Solutions with Vision

NEC

MT1050, MT1055 and MT850

Special Features

VORTEX Technology	Provides improved uniformity, color, depth and detail for data and video images
Advanced AccuBlend	Ensures detailed images when non-native resolution sources are connected to the projector.
AutoSense	Automatic set-up and one touch adjustments for ease of use
Eco-Mode	Increase lamp life through light output manipulations
Built-in Presentation	Download your presentation onto a PC Card and
Viewer	present directly from the projector
Image magnification	64-step magnification with location control
Chalkboard™	When a USB mouse is connected the presenter can
	make on screen annotations
