

LifeSize Express 220 is a Full HD video communications system that is both affordable and scalable. Ideal for small working groups, teams or individual knowledge workers who want to take communication over distance to the next level, LifeSize Express 220 has it all.

With LifeSize Express 220, you not only get Full HD video quality—1080p30/720p60—for natural, realistic interactions at the lowest possible bandwidth but also crisp, crystal clear data sharing and an all new digital I/O with Full HD support, plus dual HD displays, Full HD camera, and phone or LifeSize MicPod options.

Combined with the LifeSize® Phone™, 2nd Generation, LifeSize® Camera 10x™ and LifeSize® Digital MicPod™, you have the most full-featured video conferencing solution available today. The LifeSize Phone brings touch-screen simplicity to the conference room and eliminates the need for a separate remote control. Users can share content, control cameras, change layouts, add callers and do so much more with ease.

LifeSize Express 220 brings people together by allowing them to interact successfully across distances. Seeing facial expressions, body language and gestures makes you feel truly connected and understood.

And just like all of the products in the LifeSize 220 Series, LifeSize Express 220 features:

- > Highest available resolution on the market—1080p30
- > Unprecedented bandwidth/performance
- > Adaptive motion control with forward error correction
- > Streaming and recording of point-to-point calls

HD quality. Simplicity. Meaningful team connections. LifeSize Express 220 is clearly how video communications are meant to be.
