To Control the following Premium Switchers

- ▶ SMX12x4: SmartMatrix Ultra
- ▶ ASC3204: Ascender 32
- ▶ NXT1604: NeXtage 16
- ▶ ASC4806: Ascender 48

- The Web RCS offers a user-friendly graphic interface consisting of 3 independent sections: Setup, Edit and Live. A Preconfig. mode indicates how to easily configure the device step by step.
- With dynamic snapshots of the connected sources available in the interface, the intuitive dashboard allows operators to fully prepare their shows and control them live during their events.

- An innovative Sequences mode allows easy organization of presets through drag and drop operation.

Faders:
Capability to proceed on a specific layer.

Timing:
Capability to manage specific timing for each layer.

Speed:
Capability to manage specific speed on each layer.
